Tech Stack

- React
- Node.js
- Vue.js
- Three.js
- MongoDB
- MySQL
- Vite
- Photoshop
- Git
- JavaScript
- TypeScript
- Tailwind CSS
- Bootstrap
- WordPress
- Refine
- XD

Portfolios

- Portfolio Vite -

Used Packages: React | ThreeJS | TypeScript | maath | react-tilt | react-vertical-timeline-component | emailjs | react-router-dom | framer-motion | react-typing-effect

- Static Portfolio -

Tech: HTML | Bootstrap | CSS | JS |

Work Experience

SLT DIGITAL (Aug-2021)-(Feb-2022)
Web Developer Intern

- As an intern Web Developer, I was tasked with working on eight distinct single projects. These projects included five WordPress websites and three original HTML websites. As a result, I have developed a strong understanding of content management systems and possess skills in building websites from scratch using HTML. Upon completing my training, I successfully launched three of these projects on a live server, while the remaining five have been submitted for client approval and payment.

  Ex: **https://www.hdcoatings.lk/ | https://sumudusteel.lk/**

National Youth Corps (July-2023)-(Oct-2024)
Information Technology Instructor

- As an Information Technology Instructor at the National Youth Corps, I am responsible for teaching basic computer concepts, office packages, and design tools such as Photoshop, CorelDraw, Flash, and WordPress. Additionally, I handle administrative office work related to course management and student progress tracking.

SLTC Research University (July-2023)-(Oct-2024)
Teaching Assistant - Part Time

- As a teaching assistant, I helped students with assignments to submit before due date, managed their academic activities and payments, addressed any issues they had in lectures, and provided guidance, worked as an exam invigilator.
